Opinion On Election Of Supervisors

That the boards of supervisors of the various counties of the state will be elected this coming election throughout the county in general and not from separate districts, is now had as a fact, in an opinion from the Attorney General's office, upon request of County Attorney Gilmore, and which is now on file with Clerk Karger of the board of Supervisors. The opinion says, in part:

"For this department I have the honor to acknowledge the receipt of your communication of the 17th inst. relating to a construction of Chapter 51 of the laws of the regular session of the first State Legislature, as amended, in respect to the operation of that chapter upon the election of supervisors, at the general election to be held on the first Tuesday after the first Monday in November of this year.

"The amendments to that act became operative October 1st, 1913, and had no bearing upon the law in so far as this opinion is concerned. Section 1 of the act, and as carried into the Code of 1913, is as follows:

"Sec 1: The boards of supervisors of the several counties of the state shall have the power, and it shall be their duty to meet at the county seats in their respective counties the first Monday in September next preceding a general election for state and county officers, and divide their several counties into three supervisorial districts each, which districts shall be numbered respectively, one, two and three. Said supervisors shall define the boundaries and limits of each district, so far as is possible, and shall make such division in such manner that the said districts shall be as nearly equal in population and assessed valuation of property as is possible. Such districting of counties may be submitted to the vote of the qualified electors of the county wherein made, not less than two weeks, nor more than thirty days, after the said action of the board of supervisors. Such elections shall be conducted in all respects as other referendum elections are conducted. Should the majority vote be cast for such districting, the county shall thereafter elect supervisors within each district as hereinafter provided."

"It will be observed that the redistricting of the various counties of the state into supervisorial districts by the board of supervisors shall be made on the first Monday in September next preceding the general election for state and county officers. The first Monday in September, preceding the next general election, falls on the 7th of that month. Under the provisions of the primary law, the primary for the next general election will be held on the eighth Tuesday prior to the next general election, which falls on the 11th day of November. The next primary election therefore, will fall on the 8th day of September. It, therefore, appears that the next primary election will be held one day after the date prescribed for the redistricting of the various counties of the state into supervisorial districts. It is obvious, therefore, that the boards of supervisors of the various counties of the state cannot divide the counties into supervisorial districts before the time prescribed by law for the filing of nomination papers by candidates for boards of supervisors in view of the fact that Section 5 of the primary law prescribes that persons desiring to become a candidate at a primary election shall file his nomination petition not less than twenty nor more than sixty days before the primary election. In view of this fact, it is the opinion of this department that candidates for supervisors in the various counties of the state will not be affected by Chapter 51, supra, but they should be nominated and elected from the county at large, as has heretofore been the custom, rather than from supervisorial districts.

"After a careful consideration of this matter it seems to us that the safest course to pursue is to nominate candidates for boards of supervisors without regard to supervisorial districts. There could be no resulting evil from this plan although it is unfortunate that the law does not provide that the counties shall be redistricted into supervisorial districts in advance of the maximum and minimum dates prescribed for the filing of nomination papers at the next primary election.

"This opinion should not be construed to prohibit the boards of supervisors of the various counties of the state from redistricting their counties into supervisorial districts, but, on the contrary, we hold that such districts should be made at the time prescribed by the law. We only advise you that because of the inconsistency of the law and the dates for filing nomination papers candidates for supervisors cannot be nominated and elected from supervisorial districts at the next primary and general election.

"Yours very respectfully,
(Signed) LESLIE C HARDY,
Assistant Attorney General.

Looking Backward Twenty Six Years

Tombstone can boast of having the boss egg eater as he got away with 22 for breakfast. He has been crowing about it all day.

There are twenty-two who deal and retail liquor houses in Tombstone and there is no reason to go dry.

A business man who bites off his nose to spite his face, or in other words does not subscribe for or advertise in the PROSPECTOR, is the loser, not the PROSPECTOR. The people who advertise in this paper get the business, and you don't see cob webs on their windows.

The arrival of Miss Nellie Cushman was overlooked in the last issue. Nellie is an old-timer in Tombstone and we welcome her back.

There having been so much commotion over the food dished up at the jail by the Pacific Chop House, the contract was cancelled and given to Otto Gei-enboffer. The prisoners now strut around like "cocks of the walk." The soup, when its bean, has more than one bean in it, and when its chicken they don't let the hen fly over its they really let her walk in it. That speaks well for Otto.

Arrangements for Ball

All arrangements for the big "Fireman's" dance to be given at Gage hall, by Protection Hose Company, No 3 were completed at the meeting Saturday evening at the engine house, and tickets were priced today for the affair. A large crowd has already been promised and everybody should turn out and help the fire boys as well as for a good time.

School Census Increased 15

By the school census just taken of the Tombstone school the report shows that during the past year an increase of 15 pupils was had, which speaks very well for our school. An election for Trustees will be held on the 28th of the present month to fill the place of Mr E R Flach the retiring official and it is not known as yet who will be up for the place. Friend of Mr Flach, however, are are trying to urge him to accept the nomination for another year but it is not known whether or not he will accept.

Returns from Bisbee

Probation Officer A W Howe returned home this morning from Bisbee where he has been on business.

Tickets Selling Fast

Many tickets for the big "Fireman's" ball tonight have been sold by the boys, and at the affair will be a success there is no doubt. The dance will be for the benefit of Protection Hose Company No 3.

Large Cattle

Sale in Arizona

Probably the largest sale of cattle ever transacted in Tucson was made Monday morning through Charles E Walker of the Consolidated National bank acting for a Montana stockman and banker.

10,000 head of Sonora cattle were purchased from Sonora dealers and the purchase price is in the neighborhood of \$250,000.

One-half of the cattle will be shipped immediately and the other half later. The first shipment will go to pastures in northern Texas.

Some idea of the extent of this transaction can be learned from the fact that it will require six full trains of over 250 cars to ship the cattle.

Cochise Cattlemen

Meet at Willcox

A Willcox dispatch says:—The Cochise County Stock Growers association met here in annual session this morning with 75 members present. After electing J C Page as president and Thomas Allaire as secretary, the following committee on resolutions was appointed: W M Riggs, C J McKinney, Judge S M McCall, J B Cook, Frank Moore. Adjournment was then taken to allow the committee to formulate their resolutions. The meeting will continue until tomorrow noon.

Already it is certain that resolution endorsing the San Carlos dam project will be introduced, and probably passed without opposition.

A splendid social program has been prepared for the visitors by the Willcox hotel. This afternoon there is a ball game and horse races at the fair grounds and tonight there will be a smoky and dance.
